And whereas by the Government of Burma (India-Burma Financial Settlement) Order 1937, made by His Majesty in Council in the exercise of the said powers it is provided that in years subsequent to the year commencing on the 1st April 1937, there shall be paid to the revenues of the Governor-General in Council or the Federation out of the revenues of Burma such sums as His Majesty in Council may hereafter determine:

Now, therefore, His Majesty, in exercise of the said powers and of all other powers enabling him in that behalf is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows :—

1. This Order may be cited as the Government of Burma (India-Burma Financial Settlement) Order, 1939

7. The competitive examination shall be a combined examination for admission to the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department, the Indian Railway Accounts Service, the Postal Superintendents (Class II) Service and the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

Any person may apply to be admitted as a candidate for appointment in all or any of these Services for which he is eligible. If he wishes to compete for appointment in more than one Service he shall state on his application form which Services he wishes to compete for and the order of his preference between them, and in such case, only one application form will be necessary and one payment of the fees referred to in rule 16 (and Appendix III) will be sufficient.

Government shall assign successful candidates to each Service on a consideration of all circumstances including any personal preference expressed by the candidate.

8. The candidates to be admitted to the examination shall be limited to such number, being not less than 200 and not more than 300 as the Commission may fix. * The submission of applications by persons in Government service is further governed by the Government Servants' Applications for Posts (Central Services) (Railway Services) Rules published with the Government of India, Railway Department (Railway Board) Notification No. F. 610/34-Estt., dated the 9th June 1934, as amended from time to time) and the corresponding rules made by Provincial Governments.

State in India or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service, or

(b) a Ruler or a subject of a State in India.

Provided that in the case of a male British subject the requirements of this rule (other than that concerning domicile) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under section 262 of the Government of India Act, 1935, whether or not he has already obtained a declaration under section 96-A of the Government of India Act, 1919.

11. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August of the year in which the examination is held.

Provided that a Government[a] servant who is over the age of 25 and under the age of 28 on that date may be admitted to the examination if he—

No candidate who is in the employment of the Central or of a Provincial Government will be admitted to the examination, unless the Head of his Department reports that his character and attainments are satisfactory. 13. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or must hold the Senior Diploma of the Mayo College, Ajmer.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempts on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

16. Candidates must pay such examination fees as Government may prescribe (see Appendix III). No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for subsequent examinations or selections.

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

18. (*a*) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(*b*) For the purpose of rule 6 of these Rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Service. A candidate who (after such medical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy these requirements will not be appointed. Only candidates who are likely to be appointed will be medically examined.*

20. (*a*) Appointments shall be made on probation for a period of two years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examinations within a period of three years shall involve loss of appointment.

(*b*) If, in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(*c*) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(*d*) If the power to make appointments in the Service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.

PART III.

Recruitment by promotion shall be made by selection from among the subordinate gazetted and ministerial establishments of the Service concerned after consultation with the Commission and the officer selected will be appointed by Government. No officer shall have any claim to such promotion as of right.

22. Recruitment by transfer from another Service or Department shall be made by Government after consultation with the Commission, from among members of such other services or departments as may be determined by Government when occasion arises.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15 No recommendations except those invited in the form of application shall be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules

Only candidates who are likely to be appointed will be medically examined.*

20 (a) Appointments shall be made on probation for a period which will not ordinarily exceed two years.

PRESS COMMUNIQUÉ.

Dated Fort St. George, the 4th April 1939.

No. 378.—

Emigration of Indians overseas.—A large number of British Indian subjects and subjects of States in India proceed to countries overseas for the purpose of engaging themselves in skilled or unskilled work. Emigration of Indians overseas is controlled by the provisions of the Indian Emigration Act, 1922 (VII of 1922), as subsequently amended and the rules framed thereunder. The Act applies to any person of Indian parentage including a subject of a State in India departing out of British India by sea or land either under an agreement to work for hire in any country beyond the limits of India or who is assisted to depart otherwise than by a relative, if he departs for the purpose of, or with the intention of, working for hire or engaging in agriculture in any country beyond the limits of India.

2. *Unskilled workers.*—Emigration of unskilled workers out of British India except in conformity with the provisions of Chapter III of the Indian Emigration Act, and the rules framed thereunder is prohibited. No person may emigrate or assist another to emigrate except to such countries and on such terms and conditions as the Governor-General in Council, by notification in the *Gazette of India*, may specify in this behalf. Unskilled work includes engaging in agriculture.

3. *Skilled workers.*—Emigration of Indians out of British India for the purpose of skilled work is governed by Chapter IV of the Indian Emigration Act. For the purposes of the Act, "skilled work" means—

(1) working as an artisan such as mason, carpenter, blacksmith, goldsmith, chauffeur, winchman, etc., or

(2) working as a clerk or shop assistant, or

(3) working for the purpose of any exhibition or entertainment such as musician, piper, bandsman, actor, athlete, etc., or

(4) service in any restaurant, tea-house, or other place of public resort, or

(5) domestic service, or

(6) working as a nurse, midwife, or telephone operator, or

(7) any other occupation which the Governor-General in Council may, by notification in the *Gazette of India*, declare to be skilled work.

Any person who desires to engage, or to assist, another to emigrate for the purpose of skilled work should apply in the first instance to the Protector of Emigrants concerned and should supply him with information as to the terms of the agreement under which such person is to be engaged. Agreements between the employer and the employee registered in the office of the Protector of Emigrants in India may be filed with the Controller of Labour, Malaya, within one month of the arrival in Malaya of the person emigrating to that country. On being so filed, the agreements would, under the Malayan Labour Code, become enforceable in Malaya.

It is desirable that persons who are engaged or assisted to emigrate should be in possession of a certificate in Form 1d issued under rule 59 (1) of the Indian Emigration Rules or of an endorsement from the Protector of Emigrants to the effect that the provisions of the Indian Emigration Act have been complied with in their case. The production of such evidence will save the person emigrating from further enquiries in connexion with his departure by sea from India.

4. *Ordinary passengers.*—Other passengers who claim that they are not persons emigrating within the meaning of the Act, should be in possession of certificates to that effect. These certificates may be obtained either from a Stipendiary Magistrate appointed under the Code of Criminal Procedure, 1898, under section 2 (2) of the Act or from a Protector of Emigrants under section 4 (*f*) of the Act.

5. The possession of a passport does not exempt a person to whom the Indian Emigration Act applies from the necessity of compliance with the provisions of that Act. If he does not belong to the category of persons emigrating, the provisions of paragraph 4 above will apply.

6. Any person who is in doubt regarding the application of the Act, either to himself or to those accompanying him may apply to the Protector of Emigrants at Madras, Negapatam, Mandapam or Tuticorin for advice.

7. Any person emigrating or engaging or assisting others to emigrate except in conformity with the provisions of the Indian Emigration Act, 1922, and the rules made thereunder is liable to be prosecuted and fined by a criminal court.

It is hereby notified for the information of the public in pursuance of section 37 (3) of the Tirumalai-Tirupati Devasthanams Act, that the Tirumalai-Tirupati Devasthanams Committee, in their Resolution No. 340, dated 21st April 1939, resolved as follows,—

RESOLUTION.

The Committee having gone through the Report of the Sub-Committee (appointed on 12th March 1939), dated the 6th instant, and connected papers resolved as follows,—

1. An institution for the study and advancement of Ancient Indian Culture, with a wide catholicity of outlook, such as would develop at an early date, with suitable financial backing into a great Oriental University, which will become a place of pilgrimage for all those interested in the cultural heritage of India and Greater India, be founded forthwith at Tirupati, under the designation of the Sri Venkateswara Oriental Institute, to become in due course the Sri Venkateswara Oriental University.

2. The scope of the institute should not merely be the teaching and study of Sanskrit, through a suitable reorganization of the Devasthanam Sanskrit College, which will become henceforth a part of the institute, and a constituent institution of the future Oriental University, but that it should embrace the languages of South India, the work in the latter being for the time being confined to Tamil and Telugu, culture and literature.

3. The aims of the institute should be generally those indicated in the Memorandum on an Oriental Institute for Tirupati dated 9th March 1939, with the following additional provisions, in due course.—

(a) Translations of authoritative works or articles in Modern European Languages or in the languages of the East bearing on Indology, and their publications.

(b) Translations from Sanskrit into Tamil or Telugu of important works.

(c) Publication of original works, translations of important works in the three languages into English and their publication.

4. It should be a special aim of the institute to develop the study of Indian cultural relations with the cultures of other countries of the East such as Tibet, Siam, Java, Sumatra, Bali Cambodia, China, Japan Ceylon, etc., and to this end the institute should organize as far as practicable, visits from distinguished foreign savants and other experts to lecture under the auspices of the institute on the cultural relations of their countries with the culture of India and on the reactions of the Indian culture on their national life and philosophies.

5. The work of the institute should be widened as funds become available, so as to include the study of Jainism, Buddhism, as well as their literature, history and philosophies, as well as of Jain Prakrit and Pali.

6. The institute may, for the time being, retain its connexion with the local university, but should aim at establishing equal relations with other universities and by the improvement in the standards of instruction and by the research and publishing activities of the institute, recognition for the diplomas or certificates of the institute should be made possible in other universities.

7. Arrangements should be made, as feasible, for the students trained in the institute to appear for the diploma and degree examinations of well-known oriental institutions, like the Faculties of

Oriental Learning and Theology in the Benares Hindu University and the examinations conducted by the Benares Sanskrit College, under the authority of the Government of the United Provinces

8. It should be within the scope of the Institute to develop further its affiliation to the local university on lines in harmony with the work, aims and purposes of the Institute.

9. The study of Jyautisha, which is prescribed for in the revised scheme submitted by the Commissioner on the 9th March 1939, should be widened so as to make it embrace both Ganita and Phalita Jyautisha, of a standard not inferior to that of any of the other sastras taught in the Sanskrit College.

10. Special attention should be paid in the Institute to the collection, conservation and publication of rare manuscripts, which would otherwise be lost to the world, through neglect as well as the ravages of time and destructive agencies like damp, white-ants and insects generally.

11. Stress should be laid on research work conducted in the Institute by its staff and students, and the publication in the journal of the Institute of the results of such research or researches of special studies in the subjects falling within the scope of the Institute conducted by other scholars.

12. It should be within the scope of the Institute to make provision for the study of Ayurveda in collaboration with any Ayurvedic hospital which may, hereafter, be founded by the Devasthanam under the terms of the recent amendments to the Devasthanams Act.

13. The revised scheme submitted by the Commissioner is accordingly accepted by the Committee, which also expresses its general approval of the said scheme, subject to the above resolutions.

14. The Committee resolves to set apart immediately a sum of rupees thirteen lakhs and fifteen thousand rupees for the institute, out of which a sum of three lakhs and fifteen thousand will be available for the capital expenditure envisaged in the scheme, the remainder, consisting of ten lakhs kept in deposit for the Institute and the future Sri Venkateswara Oriental University.

15. The Committee approves of and accepts the scales of pay proposed in the revised scheme furnished by the Commissioner and the persons appointed, save in exceptional cases should be started only at starting points in the scales.

16. The Committee sanctions accordingly the following appointments and scales of pay therefor:—

(a) *One Director* who will be the head of the institute, including the library, museum and the Sanskrit College, and be paid an honorarium of rupees five hundred per mensem, with travelling and halting allowances admissible to first-class officers.

(b) *A Curator* and a Professor of Philosophy and Comparative Religion for the Research Institute on the salary scale of Rs. 150—10—250.

An Assistant Curator on the scale of Rs. 50—5—75, a clerk-typist, two library attendants, a mukhi-binder and photostat operator on such salaries as the Commissioner may fix therefor.

(c) Such establishment as may be needed for the Office of the Director and the Controlling officer of the institute as the Commissioner may fix, in consultation with the Director, the cost being within the sum of Rs. 2,000 for Director's establishment and contingencies recommended by the Commissioner and sanctioned hereby.

(d) For the college, three professorships on the scale of Rs. 200—300, one assistant professorships on the scale of Rs. 75—7½—150 (including appointments as readers or heads of minor departments of study in the college) and eight tutorships or upadhyayas on the scale of Rs. 50—5/2—75 are hereby sanctioned.

(e) For Pali-Tibetan, Tamil and Telugu research work in the institute (as well as for teaching) three Readerships or Research Assistant Professorships on the scale of Rs. 100—10—150 are sanctioned.

(f) For the Wardenship and Principalship of the college a duty allowance of Rs. 100 per mensem is sanctioned as recommended in the revised scheme.

(g) A block grant of Rs. 1,000 per year is sanctioned to the college for establishment and contingencies and the Commissioner is requested to make suitable distribution of the amount in consultation with the Director.

(h) For the travelling allowances of the Director and his establishment, and contingencies for his office, a sum of Rs. 2,000 is sanctioned.

(i) The following further sums are sanctioned for each year: research stipends, Rs. 3,000, purchase of books and periodicals, Rs. 3,000, publication and printing, Rs. 2,000, guests lectures by outside experts, Rs. 1,000.

(j) For the hostel charges of students of the Sanskrit College a sum of Rs. 10,000 is sanctioned.

17. The Committee notes that the aggregate effect of all the above sanctions, on the assumption that every person appointed gets the initial salary of the scale only, amounts to about Rs. 62,000 in round numbers, but as some appointments may have to be made on higher than the initial pay in scales, so as to secure for the institute men of outstanding eminence, or persons, specially recruited, with no expectation of working up to their top salaries on the scales, the Committee sanctions as an to allow a margin for the above and any other unexpected expenses on annual grant of Rs. 65,000. As an investment of ten lakhs in 3½ per cent securities will bring in an annual income of Rs 35,000 the special grant to supplement the income from the amount on deposit will be Rs. 30,000 in the initial year, rising ultimately to Rs 45,000 approximately when every one is getting the maximum salary of his scale, an unlikely contingency. The Committee accordingly resolves that the savings in each year from the grants and the interest on 10 lakhs in the deposit account be carried over to a special fund. The Committee would request the Commissioner and the Director to husband the grants carefully so as to diminish the strain involved in meeting future incremental charges.

18. In regard to the capital expenditure of three lakhs and fifteen thousand the Committee accept the proposal to set apart two lakhs for the acquisition of grounds, construction of buildings for the college, library, hostel, etc., and equipment and furniture therefor and one lakh and odd for the initial purchase of books and manuscripts for the library of the institute. These sums will not lapse at the end of a financial year but will be available for the purposes for which they are earmarked till they are expended.

19. In order that the work might proceed quickly, the Commissioner is requested in consultation with the Director, to prepare plans for the buildings after selecting a site and for the very early laying of the foundation stone of the institute in a suitable ceremony. The Commissioner will keep in view the ideal of developing the institute into a University in planning the lay-out of buildings and the acquisition of grounds.

20. The Committee resolves to invite Rao Bahadur K. V. Rangaswami Ayyangar, to be the first Director for a term of five years, and trusts that he will agree to remain on for the term in order that the scheme might be completed and brought as near as possible to the desired University ideal within a reasonable period of uninterrupted direction.

21. The Committee authorises the Commissioner to implement the decisions of the Committee as rapidly as possible and to obtain from the Director after he takes over charge his recommendations for filling the several appointments now sanctioned as necessity arises. Such appointments as are within

powers of the Commissioner will be filled by him on the recommendation of the Director and those which are above his powers will be placed before the Committee by the Commissioner for approval.

22. As the interests of the institute require that the best available men be sought and secured for its services in the initial years, the Committee authorises the Commissioner to regard the rule of superannuation as suspended in such exceptional cases.

23. As it is necessary that work should be done expeditiously and correspondence must be restricted as far as possible, the Commissioner will, in consultation with the Director, submit for the sanction of the Committee rules defining the powers of appointment, leave and discipline, etc., of the Director.

24. The Commissioner will frame and submit for the approval of the Committee at an early date, a statement of different returns which should be submitted to the Huzur office by the Director. The Director may with the sanction of the Commissioner determine the returns and statements to be submitted to him by the Curator and the Principal of the Sanskrit College.

If any one successful tenderer has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed, calculated at the rate at which the main lot or class was sold will be adjusted towards the value of excess quantity noticed in the other lot or class as the case may be and the balance if any, still due from the successful tenderer will be collected before permitting him to remove the quantity delivered during the day If, however, the net quantity delivered results in a deficit on account of drawal over the recorded quantity at the time of tender, the value of the deficit quantity at the tendered rate will be refunded in due course

10 The successful tenderers when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer, Vellore West Division, Tiruppattur North Arcot, for the wood of Tiruppattur depot and the District Forest Officer, Coimbatore North, Coimbatore for the wood of Satyamangalam depot by post with four specimen signatures of the agent Failing these delivery may be refused pending verification, in which case the delay will count against the successful tenderer.

11 No further cleaning or classification of sandalwood will be undertaken by the Forest Department nor will it be open to the vendee to clean any wood previous to weighment The classification, cleaning and weighment as determined by the Forest department must be accepted.

12 After the wood has once been weighed and handed over if the successful tenderer fails to remove all the wood within the vendee allowed in clause 9, demurrage will be charged at the rate of Rs 2 per ton per diem from the last date fixed for the delivery until the wood is finally removed.

13 No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department who delivered the wood shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district "Sale Hammer."

14 The successful tenderer shall bear the cost of taking delivery of the sandalwood. The depot contractor will supply the required labour for taking delivery of the wood.

17 The Conservator of Forests, Salem Circle, Salem reserves the right to accept or reject any tender without assigning any reason.

If the tender is made by a corporation it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his

authorization. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporate existence.

3 Each tenderer must pay, as earnest money, a sum of rupees two hundred only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned in the credit of Revenue Deposits on behalf of the Executive Engineer of the Guntur division and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4 When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees one hundred and fifty only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental new lump-sum contract form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the Standard Preliminary Specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor, he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph, shall entail forfeiture of the earnest money. The written agreement to be entered into between the contractor and Government shall be the foundation of the rights of both the parties and the contract shall not be deemed to be complete until the agreement has first been signed by the contractor and then by proper officer authorized to enter into contract on behalf of Government.

5 The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Guntur division.

6 The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary specification." Materials conforming to the British Standard Specifications shall be used in the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications or in this tender notice or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the Descriptive Specification Sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8 The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work;
(2) carriage,
(3) construction plant;
(4) water and lighting;
(5) cleaning up during progress and for delivery;
(6) accidents,
(7) delays,
(8) particulars of payment; and
(9) responsibilities and liabilities of contractor.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Guntur division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in case of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract, such lump sum agreeing with the total amount of Schedule "A." This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and if any such alterations are made, the tender will be void.

11 The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time as will be indicated by the Executive Engineer's certificate of the value of work done, will be required. Date of commencement of the programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed based on contract lump-sum amount). PER CENT.
Three months	30
Six months	50
Nine months	70
Twelve months	100

13 No part of the contract shall be sublet without written permission of the Executive Engineer nor

shall transfer be made by power of attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. No payment will be separately made for baling water from foundations and forming protective bunds, clearing jungle at site and diversion of roads required during execution. The rates quoted by the tenderer must include the abovementioned charges.

17. The tenderer may however mention an earlier date which fact will be taken into consideration and this earlier date will thereafter be considered as the date fixed for completion of the work.

Council of State Bills:
No. 2 of 1939—Parsi Marriage and Divorce (Amendment) 415
No. 3 of 1939—Delhi Mosque 418

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented in the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT

The following Bill of the Council of State has been circulated for the purpose of eliciting opinion. Any person or public body desiring to submit an opinion on the Bill should do so through the Provincial Government only and any opinion thereon which is submitted direct to the Legislative Department or to any other department of the Government of India will not be accepted.

COUNCIL OF STATE BILL No. 2 OF 1939.

A Bill to amend the Parsi Marriage and Divorce Act, 1936

WHEREAS it is expedient to amend the Parsi Marriage and Divorce Act, 1936; It is hereby enacted as follows :—

1. This Act may be called the Parsi Marriage and Divorce (Amendment) Act, 1939.

III of 1936. 2. In section 40 of the Parsi Marriage and Divorce Act, 1936,—

(*a*) in sub-section (2), after the words " the husband shall " the words " while the wife remains chaste and unmarried " shall be inserted.

(*b*) in clause (*c*) of sub-section (3), the words " while she remains chaste and unmarried " shall be omitted.

(c) after sub-section (2) the following sub-section shall be added —

"(3) All orders for alimony or maintenance in favour of the wife made either under the provisions of the Parsi Marriage and Divorce Act, 1865, or under the provisions of this Act, shall cease to have effect if after the passing of such orders the wife has remarried or has not remained chaste."

STATEMENT OF OBJECTS AND REASONS

The Parsi Marriage and Divorce Act (XV of 1865) was found defective and wanting in numerous respect to answer the present day needs of the community and considerable agitation was carried on for number of years by the members of the Parsee community and by the Parsi press all over India for the purpose of amending the said Act of 1865 with a view to bring it in conformity with the present day needs of the community. Accordingly, the Act of 1865 was repealed and the Parsi Marriage and Divorce Act, 1936, was passed on 23rd April 1936.

2. Among the changes introduced by the Act of 1936 was a change in the law with regard to the payment of permanent alimony to the wife on the passing of any decree under the Act. There was a strong expression of opinion in the community that the payment of permanent alimony to the wife should continue only while she remained chaste and unmarried and be discontinued if she either did not remain chaste or if she remarried. The law relating to grant of permanent alimony was therefore changed by section 40 of the Act of 1936.

3. Section 40, sub-section (1), of the Act of 1936 provided therefore as follows:—

"40 (1) The Court may, if it shall think fit at the time of passing any decree under this Act or subsequently thereto on application made to it for the purpose, order that the husband shall—

(a) to the satisfaction of the Court, secure to the wife while she remains chaste and unmarried such gross sum or such monthly or periodical payment of money for a term not exceeding her life as, having regard to her own property, if any, her husband's ability and the conduct of the parties, shall be deemed just, and for that purpose may require a proper instrument to be executed by all necessary parties and suspend the pronouncing of its decree until such instruments shall have been duly executed, or

(b) make such monthly payments to the wife for her maintenance and support as the Court may think reasonable.

In case any such order shall not be obeyed by her husband it may be enforced in the manner provided for the execution of decrees and orders under the Code of Civil Procedure, 1908 and further the husband may be sued by any person supplying the wife with necessaries during the time of such disobedience for the price of such necessaries."

4. It will be noticed that the order for payment of permanent alimony to the wife as contemplated by clauses (a) and (b) of sub-section (1) of section 40 covers two cases. In the one case, viz., that covered by clause (a), the payment is "secured" by a charge on the husband's property; in the other case, viz., that covered by clause (b), it is a personal order on the husband to make "monthly payments" to the wife. It will also be noticed that in the first case covered by clause (a) the intention, namely, that the payment is to continue only till the chastity or remarriage of the wife, is clearly expressed, whereas in the second case covered by clause (b) the said intention is erroneously omitted to be expressed by the Legislature.

5. The intention of the framers of the Act of 1936 definitely was to make the payment of alimony of any sort cease if the wife at any time after the order for alimony either became unchaste or remarried. Unfortunately however, the expression "while she remains chaste and unmarried" which should properly have found place in the beginning before clauses (a) and (b) so as to cover both the said clauses was

placed in clause (a) and inadvertently omitted from clause (b). This has caused injustice to parties and the Bombay High Court, in a matter which came up before it on Appeal (*vide* 38 Bombay Law Reporter, page 836, Manekbai Nadirshaw Vachha *vs.* Nadirshaw Jamshedji Vachha), expressed the inability to give effect to the intention of the framers of the Act of 1936 in view of the language employed in section 40 of the Act of 1936

6. Amending the Act is therefore intended to remove the doubt and to express more clearly the intention of the framers of the Act.

These changes cannot be brought about except by express legislation.
